NPTR Member Communication

Hello & happy new year! Following local and state guidelines, North Park Trail Runners will resume group runs and pop-ups. In accordance with PA directives, our runs will not exceed 20 people. For added safety, extra run leads will be incorporated in cases where we exceed ten runners. All participants are asked to maintain the recommended six feet of distance between one another and use a face mask (buffs work well) before and after the run. Please understand that our group run schedule may be scaled back due to limited availability of leaders. (Interested in helping? Reply to this email!)

Our promise to you is that as an organization, we will abide by local and state guidelines and promote a safe, outdoor running experience. We thank you for your ongoing cooperation.

PS- As an alternative to Facebook, please remember that our [online calendar](#) always contains the group run schedule as well as regional races. Stay tuned as we begin to populate the calendar with upcoming runs.
